NA	ME OF FUND (scope of SM	SF deed history review)						
like rema chal If an Our docu We form cons	The review covers the deed of establishment, any subsequent deeds of variation, any deeds of change of trustee, or any other like change to an SMSF's governing rules. We review the full deed history of the SMSF to see if there are any issues that require remedial work. This remedial work is aimed at ensuring the SMSF's governing rules are as resistant to legal challenge as possible. Remedying any issues in a timely manner is often far more cost and time effective than being exposed to legal challenge, ATO scrutiny, or other uncertainty at a later date. If any further work is recommended, we provide an estimate for this work in our report. Our fees for this review are from \$1,250. We confirm our fee when we undertake a preliminary review of the documentation. We assume that you hold a complete, original hardcopy of each document given to us. If the original document for any deed forming the document trail of the Fund cannot be found, this places all documents of the Fund in doubt and may result in considerable risk. Please contact us to discuss options to proceed if documents are lost. Further information can be found on our website ( <u>http://www.dbalawyers.com.au/smsf-deed-history-review</u> ).
